

## HOW TO

 15mins

## YOU WILL NEED

- 2 Bananas
- Peanut Butter
- Raspberry Jam
- Chocolate Spread

Peel bananas and slice approx. 1cm thick.

Add a small amount of peanut butter and jam onto banana slices or use chocolate spread. Top with another banana slice.  
*\*Don't add too much as it will squeeze out and make a mess.*

Line a baking tray with baking paper and place the banana on the tray in single layers. Place in the freezer.  
Freeze for at least 2 hours or longer, then transfer into a freezable container. Enjoy eating straight from the freezer.

Why did the banana go to the doctor?  
*....Because he wasn't peeling well.*
