Brownies

Guides

RANGERS

## HOW TO

 20mins

## YOU WILL NEED

- ☒ 1 x A4 Coloured Paper
- ☒ 1 x A4 White Paper
- ☒ Scissors
- ☒ Glue Stick
- ☒ Template

## CRAFT

Scherenschnitte - Switzerland craft.

This Swiss craft involves cutting a design out of coloured paper and then displaying it on a white paper. By cutting out the outline and fine features of your design, the white then shows through in the background of your picture. Your entire design should be cut from one single sheet of paper.

1. Print off the template on coloured paper.
2. Cut the design from the coloured paper. Be careful to NOT cut from the edge. You need to puncture the paper to start cutting out the design.
3. Glue the finished Scherenschnitte onto the mounting paper.

What does Scherenschnitte mean?  
The art of cutting paper into decorative designs.  
Can you make your own design?
